protest by ACT-UP

Partners for an AIDS Free America

8524 Titchfield Ct.

Additional Information:

15 members of ACT-UP protested outside the business offices of Partners for an AIDS Free America, a company that sold HIV-negative identity cards. Protesters objected to the profiting from an epidemic, and also the high likelihood of the public being misled by such cards. 4 protesters were arrested for trespassing after chaining themselves to the office doors.
